

Summer Fee Class: LANHT899

Landscape Sketching in the Field

Instructor: Chris Grampp

4 weeks, 8 sessions, \$200 fee

DESCRIPTION: each day we'll meet at a nearby Bay Area location to sketch the landscape. Our objectives will vary from class to class: line and tone, shade and shadow, color, quick layout strategies, gesture, drawing plants and landscape materials, and more. We'll do a sketch each morning and review our work at lunch, and do another sketch and review in the afternoon. By the end of the course you will have done around 16-20 landscape sketches, experimented with a variety of drawing techniques and approaches, had the opportunity to see your classmate's work, and visited some interesting local places.
